

February 23, 2021

Hello from the Western Slope Reining Horse Association!

**We are reaching out to you because we've missed you and we want you back!**

Our club has a renewed energy and excitement for our upcoming show season! And now we need great members to enjoy the experience we are working to provide! Our first show of the year is coming up quickly - April

Our club leadership is focused on the 3 components of a good reining show - good dirt, good money, and great judging. We are also focused on providing as many opportunities to show as is possible this year. We have dates for 3 NRHA shows plus 3 jackpot schooling shows with several of the shows being held at the new indoor Montrose County Events Center.

WSRHA is bringing back Derby, Futurity, and Maturity classes! Additionally we are adding a new Green Horse class to each show. We are even adding some fun classes such as a ProAm class! We will be awarding 3 saddles this year. The saddles will be offered in the Rookie, Limited Non-Pro, and Non-Pro divisions. And we will be running a Green as Grass Graduate Championship class at the October show!

At our Year End Awards  $\pi$ , we plan to recognize our sponsors as well as Club Class winners 1st - 5th. We will award an Open and Non-Pro Rider of the year and a Horse of the Year. We have awesome year end awards planned for 2021!

Please check out the website ([www.WSRHA.com](http://www.WSRHA.com)) for more details, information, show dates, and to renew your membership (or complete the attached and return). **We invite you to join the fun we have planned by becoming a WSRHA Member so that all points you earn in Club Classes can be included for the year end awards!**

WSRHA promises this year will be busy, fun, competitive, and it will surely renew your passion for reining!

Respect the horse and respect the sport! Come slide with us!

Bub Poplin, President on behalf of the  
WSRHA Board of Directors
